Gemini Dispersions Ltd and London Inkjet Ltd Announce Merger

Gemini Dispersions Ltd. (GDL) and London Inkjet Ltd. (LIJ) are pleased to announce that LIJ is merging with GDL effective 1 April 2017.

As a result of the merger, LIJ will move production to GDL's facility in Waterfoot, United Kingdom in summer 2017. LIJ management, including Managing Director, Julian Ling, and most LIJ employees will continue with the company ensuring a smooth transition.

"This merger will allow us to better serve our customers because we will be able to increase production capacity and accelerate our product development process at the GDL facility," said Julian Ling, Managing Director, London Inkjet Ltd.

"We look forward to welcoming the LIJ team and bringing two strong companies together as one," said Jonathan Rymer, Managing Director, Gemini Dispersions Ltd.

About London Inkjet Ltd. and Gemini Dispersions Ltd.

London Inkjet specialises in the manufacture of inks and cartridges for wide format printers. With more than a decade of experience in the inkjet industry, the experienced team has developed a range of products that consistently match OEM products in terms of colour and performance during the most demanding of printing applications.

Gemini Dispersions sells aqueous pigment dispersions, solvent based pigment dispersions, dispersions in plasticisers and polyols and some raw materials - including certain organic pigments under the GemSpense brand. In addition, the company provide a range of tailor-made products and toll manufacturing services, serving pigment manufacturers and large colour users with quality products and technical service.

Both companies are wholly owned subsidiaries of Dominion Colour Corporation, a global leader in colour pigments and preparations for the coatings, plastics and ink industries worldwide.
